

THE MUSIC MINISTRY OF SANTOS

Two words can sum up SANTOS **Gratitude and Joy**

Santos spent many years in the music industry performing and touring with such notables as The Charlie Daniels Band, The Outlaws, George Benson, Dion, Weather Report, POD and many others. As a studio percussionist, he has recorded on dozens of albums and movie scores.

His musical style swings from '50's Doo-Wop to timeless hymns and everything in between. His testimony is one of a life set free from many years of drug addiction through the power of Jesus Christ
